Area Variance Continued

1. Explain how no undesirable change will be produced in the character of the neighborhood; nor a detriment to nearby properties created by granting the area variance.

The pool will be located in the backyard of our property, the pool is an inground pool surrounded by a vinyl privacy fence and will not be able to be seen unless in our yard.

2. Explain why the benefit sought by the applicant cannot be achieved by some method, feasible for the applicant to pursue, other than an Area Variance.

Our property is not a perfect rectangle, where we would like to place the pool is directly behind the home due to 25 Glenmore Rd being an abandoned property with a deteriorating pool next to our yard that attracts animals and insects, leaving less room.

3. Describe whether the requested Area Variance is substantial.

We are requesting 5 feet from the back of our yard. I do not think that is substantial, the pool company stated that was the normal setback in other towns.

4. Explain how the proposed variance will not have an adverse effect on the physical or environmental conditions in the neighborhood or district.

There is currently just dirt and grass there and no removal of any trees etc. is needed.

5. Explain whether difficulty is self-created. (Consideration is relevant, but should not necessarily preclude the granting of the Area Variance.)

The area where we are placing the pool is where the Pool Company suggested due to space and minimal disruption.

For Use Variance Applications, please complete the following:

Describe the request use: To place and inground pool in the backyard of 23 Glenmore Rd.

1. Explain why the application cannot realize a reasonable return without the Use Variance, as demonstrated by the content financial evidence.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

2. Explain how the alleged hardship relating to the property is unique, and does not apply to a substantial portion of the neighborhood.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. Describe why granting the requested use variance will not alter the essential character of the neighborhood.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Explain whether the alleged hardships have been self-created.

**Part 2- Impact Assessment.** The Leaf Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the Proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, water bodies, groundwater, air quality, flora and fauna)?		
10. Will the proposed action result in an increase in the potential for erosion, flooding, or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

**Part 3- Determination of significance. The Lead Agency is responsible for the completion of Part 3.** For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significance adverse environmental impact, please complete part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short- term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

# PLOT PLAN

## How far from property lines will your Swimming Pool be?

Must be at least 20 feet from property lines – if not, you will need to request an area variance from the ZBA

How many feet from back property line: 5

Left Side: 45 feet from property line

Right Side: 29 feet from property line

Please hand draw where your swimming pool will be in your yard

Glennwood Rd

Front of House

Glennmore Road

### ❖ PLOT PLANS SHALL INCLUDE:

- ❖ Show bordering roads
- ❖ Show existing structures with setbacks to property lines
- ❖ Show proposed structures (pool and/or deck) with setbacks to property lines
- ❖ The property line at roads is not the edge of pavement (measure from center of road to ½ the distance of the Right of Way [typical-50 ft R.O.W.]

**I understand that I must close out this permit and call for all inspections in order to receive the Certificate of Compliance before the pool is used. If a final inspection is not scheduled or a permit renewal is not issued, the building permit may be closed out without the issuance of a C.O. or C.C. – this can be an issue if you sell or refinance your home. We appreciate your cooperation!**
